

**LEED 2009 for Commercial Interiors (CI) Green Building Rating System ([www.usgbc.org](http://www.usgbc.org))**

<b>Category</b>	<b>Credit</b>	<b>Points</b>	<b>Global's Contribution</b>
Energy & Atmosphere	Credit 1.1 - Optimize Energy Performance, Lighting Power	1-5	Our systems furniture and casegoods are available with user controlled task lighting, which utilizes energy efficient T5 and/or LED lamps.
Materials & Resources	Credit 2 - Construction Waste Management	1-2	Packaging consists of returnable blanket wrap (locally), skidded product (knock down) or recyclable materials including cardboard, wood, plastic).
Materials & Resources	Credit 3.2 - Materials Reuse -Furniture & Furnishings	1	Global product is designed to be easily disassembled and reused. Our non-obsolescence policy for systems furniture ensures that new product can be easily integrated with existing re-located product.
Materials & Resources	Credit 4 - Recycled Content, 10% - 20% (post-consumer + ½ pre-consumer)	1-2	The post-consumer and pre-consumer recycled content of Global's furniture can contribute to these credits. See environmental data sheets for detailed information.
Materials & Resources	Credit 5 - Regional Materials, 20% Manufactured Regionally	1-2	Global can contribute to this credit if product selected is manufactured regionally within a radius of 500 miles.
Materials & Resources	Credit 6 - Rapidly Renewable Materials	1	Global offers products that are made with rapidly renewable materials such as surface material options (bamboo veneer) and tack boards (linoleum).
Materials & Resources	Credit 7 - Certified Wood	1	Global can provide customers with FSC certified wood options, which can contribute to this credit through FSC chain-of-custody and controlled wood.
Indoor Environmental Quality	Credit 4.5 Low-Emitting Materials - Systems Furniture and Seating	1	Global furniture is Greenguard certified, which meets the requirements for this credit.
Indoor Environmental Quality	Credit 6.1 - Controllability of Systems - Lighting	1	Our systems furniture and casegoods are available with user controlled task lighting, which can contribute to this credit.
Indoor Environmental Quality	Credits 8.1 - Daylight and Views - Daylight	1-2	Global can contribute to these credits by providing systems furniture (various panel heights) and glazing options that facilitate daylight and view of spaces.

# GLOBAL *Contract*

Indoor Environmental Quality	Credits 8.2 – Daylight and Views – Views for Seated Spaces	1	Global can contribute to this credit by providing systems furniture (various panel heights) and glazing options that facilitate daylight and views for seated spaces.
Innovation in Design	Credit 1 – Innovation in Design	1-5	Innovation points are awarded for a project that substantially exceeds. Global product can help contribute to these credits (higher levels of recycled content).
Innovation in Design	Credit 2 – LEED Accredited Professional	1	Global’s LEED Accredited Professionals are available to support and assist you with your project.
